

# RENWICK & SONS

## A DAZZLING DRESSAGE ASSOCIATION

**Renwick & Sons**, purveyors of the finest equine brushware, are proud to announce that Paralympic and five times Gold Medallist dressage rider, **Natasha Baker** will be joining the team as one of their high-profile Ambassadors.

Renwick & Sons, partners of the British Grooms Association, are thrilled to be working with Natasha, as Daniel Renwick, Development Manager explains:

“Natasha has been on our radar since we launched the brand and we are thrilled to now have the opportunity to work with Natasha and Team Baker. We are thrilled Natasha can use her Renwick & Sons grooming kit at WEG and wish Natasha and the rest of the British Para-Team the very best of luck.”

Natasha Baker, who is representing Great Britain in the Para-Dressage at the World Equestrian Games says:

"Never before have I ever seen such a beautiful grooming kit that is as impressive in its performance as it is in its good looks. All the tools are beautifully designed to fit your hand perfectly, incorporate amazing bristle technology and to use them is a joy. As anyone who rides will appreciate, grooming is a daily necessity, and this kit takes the hard work out of grooming replacing it with fantastic results."

Natasha joins International Show Jumper Jessica Mendoza and internationally renowned show rider, producer and judge, Katie Jerram-Hunnable.
