

SYLVIA KERR
JEWELLERY

Petal To The Metal

Inspired by the beauty of this elegant flower, International jewellery designer Sylvia Kerr introduces 'The Orchid Necklace'.

This stunning piece is styled with a vintage feel based on the designers' research into this flower;

"I adore flowers and wanted to add another flora addition to our Daisy Bracelet. I have always had a fondness for the Orchid and have a huge collection in the studio and my home. So, when I discovered that the Victorians were so bewitched by the orchid's overwhelming beauty that they were revered and displayed in their homes as treasures, I took inspiration from this era for this unique piece."

The Orchid Necklace is hand carved in silver and hung from the brand's signature leather strap detail on an adjustable 18" chain.

Also available Made To Order in Rose Gold & 9ct Gold. Silver: RRP: £165
