

## FALL IN LOVE WITH PERFECTION

Finding the perfect partner in life isn't easy, but discovering the perfect saddle is simple with the Childéric Saddles Collection of bespoke saddles.

Choose from their collection of saddle designs to find the perfect partner for you and your horse, including the **Childéric DNL Saddle**.

This dressage saddle is created around Childéric's unique tree technology and pays considerable attention to freedom of movement and comfort of the horse: thanks to its anatomically shaped panels and carefully positioned points. The saddle also incorporates a unique 'Y' girth system, which introduces a new alternative girthing system to their collection.

International dressage rider Becky Moody rides one of her top horses in this model and says:

"This saddle allows the rider to remain in perfect balance through the pelvis and so influence the horse in a relaxed and easy way with both seat and leg."

The Saddlery brand, whose philosophy is to fit both horse and rider with an entirely bespoke approach to saddle design and fit also offer outstanding customer service and lifetime support to customers. Now, that is a relationship you can certainly rely upon.

The Childéric DNL Saddle is available in seat sizes from 15.5 Tree Widths: Bespoke

Colours: Black, Master & Irish. Calf or Buffalo

RRP: Prices start at £4,320.
