

## New Designer Diffusion Equestrian Collection Launched

Iconic equestrian & lifestyle designer, Sylvia Kerr Jewellery is thrilled to introduce the SKJ Equestrian Collection; a stunning new diffusion capsule collection featuring equestrian highlights and beautifully delicate pieces.

Inspired by the 'charm' of equestrian styling, the SKJ Equestrian Collection celebrates our love of horses through beautifully handcrafted stirrups and horseshoes, hung delicately as charms with amethyst stone highlights.

Amethyst is believed by some to cleanse one's energy field of negative influences with purifying properties, a fitting choice of stone and the brand colours of this respected equestrian jewellery brand.

Each piece is created with love in Scotland with bespoke options also available.

Gallop away with affordable pieces starting from just £44.00
